

BUDGET MESSAGE

Base Village Metropolitan District No. 2 (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized on December 07, 2004, and is governed pursuant to provisions of the Colorado Special District Act (Title 32). The District operates under an amended and restated consolidated service plan approved by the Town of Snowmass Village (Town) on October 23, 2006 (“Service Plan”). The Service Plan defines the powers and authorities of, as well as the limitations and restrictions on, the District and Base Village Metropolitan District No. 1 (“BV Metro 1”).

The District was established to provide financing for the design, acquisition, construction and installation of streets, drainage, traffic and safety controls, park and recreation, transportation, and mosquito, pest control and other improvements (Public Improvements) within and without the District boundaries that benefit the taxpayers and inhabitants of the District. The District's service area is approximately 25.1 acres and comprised of a mix of condominium housing, hotels and retail shops and commercial development located in Pitkin County, Colorado entirely within the boundaries of the Town.

For the collection year 2026, the District adopted a mill levy of 0.000 for general operations and 46.468 for debt service, with a total budget of \$4,352,100. The District's assessed valuation increased by approximately \$9,687,870 (or 11.5%) to \$93,658,140 from the prior year.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

Accountant's Report

Board of Directors
Base Village Metropolitan District No. 2
Snowmass Village, Colorado

The accompanying forecasted budget of revenues, expenditures and fund balances of the Base Village Metropolitan District No.2 for the General Fund, Debt Service Fund and Capital Project Fund for the year ending December 31, 2026 and the forecasted estimate of comparative information for the year ending December 31, 2025 were not subjected to an audit, review, or compilation engagement by me and, accordingly, I do not express an opinion, a conclusion, nor provide any assurance on them.

Substantially all of the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the forecast, they might influence the user's conclusions about the District's results of operations for the forecasted periods. Accordingly, this forecast is not designed for those who are not informed about such matters.

Note 1: The District provides no services to the property owners within the District and the District's sole function is to collect property taxes for the purpose of paying off the District's bond debt. Once the District's bond debt is paid in full, the District will likely be dissolved because it serves no other purpose to the property owners of the District. For these reasons, the District has adopted the reasonable accounting position that all costs necessary to operate the District are debt-related costs.

In 2024, the District transferred all funds from the General Fund to the Debt Fund and has been using such funds to fund various operating costs of the District including accounting, management, legal, audit and insurance costs. Such accounting had no impact on the Pledged Revenue as defined and calculated per the District Bonds' Indentures of Trust. The District remitted to the bondholders, and continues to remit annually, all revenue net of the county treasurer collection fees and UMB trustee fees, collected by the District under the Required Debt Mill Levy.

In 2025, UMB Bank sent written notice to the District regarding the District's accounting practices related to the recognition of debt costs. Specifically, UMB Bank demanded that the District stop reporting all costs to operate the District in the District's debt fund and claimed such accounting was a violation of the 2016 Indenture of Trust. Specifically, UMB does not want the District to adopt and follow accounting policies that present to taxpayers the true cost of debt.

In 2024, UMB also falsely accused the District of withholding over \$1.2 million in Pledged Revenue due to this accounting practice. UMB refuses to provide the District with any evidence supporting this false claim and has continued to repeat this false claim in 2025 threatening to take legal action against the District. The District considers UMB's actions as harassment.

BASE VILLAGE METROPOLITAN DISTRICT NO. 2
2026 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Definition of Reporting Entity and Description of Services Provided

Base Village Metropolitan District No. 2 (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized on December 07, 2004, and is governed pursuant to provisions of the Colorado Special District Act (Title 32). The District operates under an amended and restated consolidated service plan approved by the Town of Snowmass Village (Town) on October 23, 2006 ("Service Plan"). The Service Plan defines the powers and authorities of, as well as the limitations and restrictions on, the District and Base Village Metropolitan District No. 1 ("BV Metro 1").

The District was established to provide financing for the design, acquisition, construction and installation of streets, drainage, traffic and safety controls, park and recreation, transportation, and mosquito, pest control and other improvements (Public Improvements) within and without the District boundaries that benefit the taxpayers and inhabitants of the District. The District's service area is approximately 25.1 acres and comprised of a mix of condominium housing, hotels and retail shops and commercial development located in Pitkin County, Colorado entirely within the boundaries of the Town.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The boundaries of BV Metro 1 and the District do not overlap and, therefore, each District is controlled by and responsible to a separate group of voters. Thus, the voters and taxpayers within the District do not have the ability to elect directors to serve on the board of BV Metro 1 and the voters and taxpayers within BV Metro 1 do not have the ability to elect directors to serve on the board of the District.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity, including the Town and BV Metro 1.

Accounting Basis

The District prepares its budget on the modified accrual basis of accounting.

BASE VILLAGE METROPOLITAN DISTRICT NO. 2
2026 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

On November 07, 2006, District voters authorized the District to assess a mill levy not to exceed 6 mills annually on all taxable real property within the District to pay the District's administration, operations and maintenance expenses (TABOR Imposed General Fund Mill Levy Maximum). Additionally, the District voters authorized the District to retain and spend all revenue collected from this mill levy regardless of any TABOR spending, revenue raising or other limitations.

The Service Plan establishes a Maximum Mill Levy of 49.5 mills that can collectively be assessed on property owners within the District, BV Metro 1 and Snowmass Village General Improvement District No. 1 ("GID") to fund the debt service and operational costs of these three entities. The Maximum Mill Levy may be adjusted for changes in the ratio of taxable valuation to assessed valuation of real property since October 23, 2006 (the date the Service Plan was approved by the Town). As of October 23, 2006, the ratio for residential and commercial property was 7.96% and 29.00%, respectively. The ratio for 2026 is 6.250% and 27.000%, respectively, which caused the Maximum Mill Levy for debt service for 2026 to be 61.388.

The Service Plan allows for an exception to the Maximum Mill Levy. The District may establish a mill levy for debt service in any year that is sufficient to fund the annual principal and interest payments due on the District's general obligation debt even if the District's debt mill levy causes the Maximum Mill Levy that is collectively imposed across all three entities to be exceeded.

Entities Subject to Maximum Mill Levy Restriction	2024 (Actual)	2025 (Budget)	2026 (Budget)

(Over) / Under Max Mill Levy	8.257	8.145	8.870

BASE VILLAGE METROPOLITAN DISTRICT NO. 2
2026 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

For the collection year 2025, the District adopted a mill levy of 0.000 for operations and 46.468 (combined Senior and Subordinate Required Mill Levies – defined below) for debt service. The calculation is reflected on page 2 of the budget.

Specific Ownership Taxes

Beginning in 1937, the State of Colorado began assessing a tax annually on motor vehicles (aka Specific Ownership Tax). The Specific Ownership Tax is graduated based on a vehicle’s age and original value. Specific Ownership Tax revenue collected by the State is apportioned among the 64 counties based on the number of state highway miles within each county. Each county allocates its respective share of specific ownership tax revenue proportionally among the various property-taxing governmental entities on the basis of total property taxes assessed by each entity in relation to total property taxes assessed by all entities within the county. The 2026 budget projects the District’s share of specific ownership taxes received from the State will be equal to approximately 2.8% of total property taxes collected.

The District allocates specific ownership tax revenue proportionally between each fund based on the ratio of property tax revenue collected for each fund compared to total property revenue collected by the District.

Capital Facility Fees

On November 28, 2016, the District passed a resolution imposing a one-time Capital Facilities Fee on each Residential Unit which is payable to the District on the date each Residential Unit is sold by a Builder to an End User. The Capital Facilities Fee is \$5,150 per constructed Residential Unit. Capital Facilities Fees are included in the definition of Senior Pledged Revenue and are pledged towards the repayment of the Series 2016A Senior Bonds. The District estimates 10 Residential Units will be sold in 2024 and 10 Residential Units will be sold in 2025.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 3.5%.

Expenditures

General and Administrative Expenditures

General and administrative expenditures include legal, management, accounting, insurance, banking, and board meeting expenses necessary to ensure the District continues to provide services to District residents. Per the November 28, 2016 IGA between the District and BV Metro 1 (see below), the District reimburses BV Metro 1 for providing general and administrative services to the District. Since October 2020, the District replaced BV Metro 1 with third-party contractors to manage the District’s general and administrative functions.

BASE VILLAGE METROPOLITAN DISTRICT NO. 2

2026 BUDGET

SUMMARY OF SIGNIFICANT ASSUMPTIONS

Direct and Indirect Collection Costs

The District provides no services to District residents and property owners. The District's sole function is to manage the repayment of the District's debts. Consequently, all costs incurred by the District are considered direct or indirect collection costs supporting the repayment of the District's debts.

Collection costs incurred by the District related to the collection of property taxes includes all costs incurred by the District that enable and support the District's ability to collect property taxes revenue. Generally, such costs include (a) operating and reporting compliance costs that protect the District's right to collect property taxes (e.g. financial statement audit fees, fees paid to professionals to prepare mandatory periodic financial and operational reports to the City and State, etc), (b) professional fees related to applying and monitoring accounting controls over the collection of District revenues, (c) costs related to managing the District's annual property tax assessment process and (d) insurance protecting the District from liability exposure that potentially could arise from performing these activities.

IGA With BV Metro 1

BV Metro 1 owns and operates certain public facilities within the boundaries of the District (i.e. conference center, transit center and parking garage) and generates fee revenue from operating these public facilities. Fee revenue generated by BV Metro 1 from operating these public facilities has historically not been sufficient to cover the costs of operating and maintaining such facilities within the District.

On November 28, 2016, the District and BV Metro 1 entered into an Operations, Maintenance and Administrative Service Agreement (OMA Agreement). Per the OMA Agreement:

- BV Metro 1 provides all operating and administrative functions for the District;
- BV Metro 1 commits to generating property tax revenue to fund its operations and services with a mill levy of no less than 43.5 mills (Minimum BVMD1 Mill Levy). Because all real property within BV Metro 1 is commercial property, the Minimum BVMD1 Mill Levy is not adjusted annually for any changes in the ratio of taxable valuation to assessed valuation of real residential property.
- The District commits to levying a general fund mill levy that is sufficient to cover BV Metro 1's expenses net of property tax revenue generated from the Minimum BVMD1 Mill Levy and fee revenue generated from the operation of public facilities owned by BV Metro 1. The mill levy under this commitment cannot be adjusted to exceed the voter-imposed 6-mill maximum levy to fund the administration, maintenance and capital replacement of the District's facilities and operations;
- The District's commitment to provide funding to BV Metro 1 terminates when BV Metro 1's revenues exceeds its expenditures;
- BV Metro 1 is committed to continue operating the public facilities located within the District and providing operating and administrative functions for the District after the District's funding commitment to BV Metro 1 is terminated.

BASE VILLAGE METROPOLITAN DISTRICT NO. 2
2026 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Historic and projected funding by the District to BV Metro 1 under this IGA is provided on page 17.

Per the Senior Indenture of Trust, the mill levy generated by the District under this IGA is a component of the Senior Required Mill Levy (defined below).

Related Parties to the IGA: When the IGA was executed, all directors serving on the District's board were also serving on BV Metro 1's board at the same time. All directors at that time reported potential conflicts of interest related to their service as directors on both districts. Both districts had contractual relationships with entities that were owned by or employers of the directors.

Of the four directors serving on the board of BV Metro 1 (Director Blasberg, Director McCready, Director Gunion and Director Cross) in 2025, three such directors reported potential conflicts of interest related to their service on the BV Metro 1 board.

Director Blasberg is an employee of East West Partners, Inc., director on the Capitol Peak Lodge HOA board (which is partially funded by BV Metro 1 and in which the conference center operated by BV Metro 1 is located), president of the One Snowmass HOA board (which is partially funded by BV Metro 1, in which the transit center operated by BV Metro 1 is located) and director on the Master Association board.

Director McCready is an employee of East West Partners, Inc. and is qualified by East West Partners, Inc. through a land purchase option contract to serve on the Board.

Director Gunion is president of Snowmass Ventures, LLC, which owns and operates various subsidiaries that operate within BV Metro 1, and is an employee of East West Partners, Inc.

BV Metro 1 has contracted with SV Snowmass Hospitality, LLC to (1) operate and maintain BV Metro 1's conference center, (2) operate and maintain BV Metro 1's transit center, (3) administer parking fees for BV Metro 1's parking garage and (4) provide general management services to BV Metro 1 and the District. For 2025, BV Metro 1 budgeted paying SV Snowmass Hospitality, LLC \$177,287 in management fees to operate the three facilities. SV Snowmass Hospitality, LLC is owned by Snowmass Ventures, LLC.

BV Metro 1 also pays monthly dues to the Capitol Peak Lodge Condo Association, BV Garage Condo Association and One Snowmass HOA. For 2025, approximately 34% or \$610,684 of the BV Metro 1's total budgeted expenditures of \$1,814,689 was comprised of HOA dues paid to these three HOA entities. The boards of all three HOAs are controlled by a majority of directors who are owners or employees of Snowmass Ventures, LLC and/or its subsidiaries or affiliates.

The District and Snowmass Ventures, LLC (Snowmass Ventures) a party related to Snowmass Ventures, LLC) entered into that certain "Operations Guaranty Agreement," dated as of November 28, 2016 for the purpose of establishing a source of supplemental funding for operating costs of BV Metro 1 incurred pursuant to the IGA. Snowmass Ventures is obligated to provide operating funds to BV Metro 1 provided that both BV Metro 1 and the District certify the full amount of the property tax mill levy required and authorized to be levied by the Districts for operating costs, and otherwise use every reasonable effort to collect other revenues to fund such costs. BV Metro 1 is obligated to reimburse Snowmass Ventures such advances from available funds, subject to annual appropriation.

Debt and Leases

Series 2016A Senior Bonds

On December 22, 2016, the District issued \$31,260,000 General Obligation Limited Tax Refunding Bonds, Series 2016A ("Senior Bonds"). The Senior Bonds were issued as two term bonds that bear interest at 5.50% (on \$11,785,000 principal) and 5.75% (on \$19,475,000 principal), and are payable semi-annually on June 1 and December 1, beginning on December 1, 2017. Annual mandatory sinking fund principal payments are due on December 1, beginning on June 01, 2017. The Senior Bonds mature on December 01, 2046.

The Senior Bonds are secured by and payable solely from Senior Pledged Revenue, net of any costs of collection, which is comprised of the following:

- a) all Senior Property Tax Revenues (generated by the imposition of the Senior Required Mill Levy);
- b) all Senior Specific Ownership Taxes (attributable to the Senior Required Mill Levy);
- c) all Capital Facility Fees;
- d) all Capital Levy Revenue (from which Shortfalls shall be paid); and
- e) any other legally available amounts that the District determines, in its absolute discretion, to credit to the Senior Bond Fund.

The Senior Required Mill Levy is defined as the mill levy necessary to generate sufficient property tax revenue during the year to (1) fully pay the annual principal and interest payment due on the Senior Bonds, (2) ensure the Senior Reserve Fund is replenished to \$654,168 (the Senior Reserve Requirement), and (3) the Surplus Fund is fully funded at the Maximum Surplus Amount. The Maximum Senior Required Mill Levy is either 37.5 mills or, if 37.5 mills combined with certain other revenue sources does not generate sufficient revenue to fully fund the annual principal and interest payment due on the Senior Bonds, 43.5 mills. The Maximum Senior Required Mill Levy is adjusted for changes in the ratio of taxable valuation to assessed valuation of real property since October 23, 2006 (the date the Service Plan was approved by the Town). As of October 23, 2006, the ratio for residential and commercial property was 7.96% and 29.00%, respectively. The ratio for 2025 is 6.250% and 27.0%, respectively, which caused the Maximum Senior Required Mill Levy for 2026 to be either 46.468 mills or 53.903 mills.

For the 2026 collection year, the Senior Required Mill levy is 22.802 mills – which will generate sufficient revenue, net of any costs of collection, to fully fund the Senior Reserve Fund, fully fund the Senior Surplus Fund and fully pay the principal and interest due on the Senior Bonds.

Per Section 3.06 of the Senior Indenture of Trust, the District will be applying "Level B" Revenue to the Annual Debt Service Requirements in 2025. Level B Revenue consists of (1) property tax revenue generated from the Required Mill Levy of 44.204 mills net of any costs of collection, (2) related specific ownership tax revenue, (3) capital facility fee revenue and (4) amounts on deposit in the Surplus Fund in excess of \$1 million.

Amounts on deposit in the Senior Reserve Fund and in the Senior Surplus Fund also secure payment of the Senior Bonds. Available Senior Pledged Revenue, if any, is to be accumulated in the Senior Reserve Fund and the Senior Surplus Fund in accordance with the Senior Indenture up to the Senior Reserve Requirement and the Maximum Surplus Amount, respectively.

2026 BUDGET

SUMMARY OF SIGNIFICANT ASSUMPTIONS

The Senior Bonds are subject to redemption prior to maturity, at the option of the District without any redemption premium on or after December 01, 2025 upon payment of par and accrued interest.

The District's debt service schedule for its Senior Bonds is provided on page 16.

Capital Pledge Agreement between the District and BV Metro 1

On December 22, 2016, the District entered into a Capital Pledge Agreement with BV Metro 1 by which BV Metro 1 has pledged the Capital Levy Revenue to the District for payment of the Bonds (subject to the limitations as outlined in the Agreement). BV Metro 1 will impose a capital levy each year in the number of mills necessary to produce the Capital Levy Revenue in an amount at least equal to the amount required to cover the annual Shortfall (defined below) through a pledge of the Capital Levy Revenue to the District. The Capital Levy shall not exceed 43.5 mills, as adjusted for changes in the ratio of taxable valuation to assessed valuation of real property since October 23, 2006. The Capital Levy Revenue includes the property tax revenue derived from the imposition of the Capital Levy plus specific ownership tax revenue allocable to such Capital Levy, less costs of collection.

The pledge of the Capital Levy Revenue secures the obligation of BV Metro 1 to make Shortfall payments in accordance with the Capital Pledge Agreement. The annual Shortfall is determined when the sum of the District Required Mill Levy – net of all collection costs, the proportionate share of Specific Ownership Taxes, the Capital Facility Fees received, and the moneys in the Surplus Fund in excess of \$1,000,000, are less than the Senior Debt Service Requirements for the same Bond Year. Such insufficiency shall constitute a "Shortfall" and a Shortfall shall be deemed to occur with respect to such Bond Year. No Shortfall is projected to occur in 2026.

Series 2016B Subordinate Bonds

On December 22, 2016, the District issued \$13,330,000 Subordinate General Obligation Limited Tax Refunding Bonds, Series 2016B ("Subordinate Bonds"). The Subordinate Bonds were issued at the rate of 6.500% per annum and are payable annually on December 15, beginning December 15, 2017, from, and to the extent of, Subordinate Pledged Revenue available, if any, and mature on December 15, 2048. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Unpaid interest on the Subordinate Bonds compounds annually on each December 15.

The Subordinate Bonds are secured by and payable from Subordinate Pledged Revenue, net of any costs of collection, which includes:

- a) all Subordinate Property Taxes (generated by the imposition of the Subordinate Required Mill Levy);
- b) all Subordinate Specific Ownership Taxes (attributable to the Subordinate Required Mill Levy);
- c) all Subordinate Capital Facility Fee Revenue (meaning any Capital Facility Fee Revenue remaining after deduction of any amounts applied to the payment of the Senior Bonds);
- d) any amounts released from the Senior Surplus Fund pursuant to the terms of the Senior Indenture; and
- e) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Subordinate Bond Fund.

The Subordinate Bonds are subject to redemption prior to maturity, at the option of the District without any redemption premium on or after December 15, 2025 upon payment of par and accrued interest.

2026 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

In the event any amount of principal or interest on the Subordinate Bonds remains unpaid on December 15, 2048, the Subordinate Bonds will be discharged and the bondholders will have no recourse against the District.

The Maximum Subordinate Required Mill Levy is 37.5 mills as adjusted for changes in the ratio of taxable valuation to assessed valuation of real property since October 23, 2006 (the date the Service Plan was approved by the Town). As of October 23, 2006, the ratio for residential and commercial property was 7.96% and 29.00%, respectively. The ratio for 2025 is 6.250% and 27.0%, respectively, which caused the Maximum Subordinate Required Mill Levy for 2026 to be 46.468 mills.

Payments toward interest and principal on the Subordinate Bonds can be made provided the Series 2018A Bonds are current and the Reserve Fund and Surplus Fund for the Series 2018A Bonds are fully funded. The District is required to impose the Subordinate Required Mill Levy until the Subordinate Series 2018B Bonds are fully paid or discharged on December 15, 2048. The Subordinate Required Mill Levy is adjusted for changes in the ratio of taxable valuation to assessed valuation of real property since October 23, 2006 (the date the Service Plan was approved by the Town). As of October 23, 2006, the ratio for residential and commercial property was 7.96% and 29.00%, respectively. The ratio for 2025 is 6.700% and 27.0%, respectively, which caused the Subordinate Required Mill Levy for 2026 to be 23.666 mills¹.

Leases

The District has no operating or capital leases.

Reserve Funds

Emergency Reserve

The District has provided for an emergency reserve equal to at least 3% of the fiscal year spending, excluding spending appropriations for bonded debt service, for 2026 as defined under TABOR.

Senior Bond Fund – Reserve Fund

The Senior Bond Reserve Fund was established as additional security for the bonds and will be used to fund any deficiencies in the amounts required to pay bond principal and interest when due. The Reserve Fund was initially funded from the proceeds of the Senior Bonds. In accordance with the Senior Indenture, the Senior Reserve Fund must be funded up to the Maximum Reserve Amount of \$654,168.

Senior Bond Fund – Surplus Fund

The Senior Bond Surplus Fund was established as additional security for the bonds and will be used to fund any deficiencies in the amounts required to pay bond principal and interest when due. The Surplus Fund will be funded solely from any Pledged Revenue remaining after annual payments on the Senior Bonds are fully satisfied and the Reserve Fund is fully funded. In accordance with the Senior Indenture, the Surplus Fund must be funded up to the

Maximum Surplus Amount of \$2,000,000. The Maximum Surplus Amount will decrease to \$1,000,000 when the District's debt to assessed valuation ratio drops below 50%. Pursuant to the Subordinate Bond Indenture of Trust, any moneys released from the Senior Surplus Fund will be classified as Subordinate Pledged Revenue.

Note A – Because all taxable real property within the boundaries of BV Metro 1 is commercial property, BV Metro 1 is not required to adjust its Minimum Mill Levy Commitment for changes in the ratio of taxable valuation to assessed valuation of real property since October 23, 2006 (the date the Service Plan was approved by the Town).

Note B – Due to (1) the multiple related party relationships among the directors serving on the BVMD1 board, the directors serving on the HOAs (which charge fees/dues to BVMD1) and companies providing management services to BVMD1 and (2) the apparent common control that exists among all such entities which allows expenses and revenues to potentially be shifted among all such entities at other than “arms-length” terms, the District believes it is likely the terminating event for the 2016 IGA may have already occurred (i.e. BVMD1 annual revenues exceed BVMD1 annual expenditures) had all entities conducted transactions (e.g. HOA dues assessments charged to BVMD1, management fees charged to BVMD1 and service fees charged by BVMD1) among themselves on “arms-length” terms.
